"One-Man" Johnson performs tonight

By Theresa Winas

Mention one-man bands and it's not difficult to make up an image. One-man bands wore weird hats, raccoon coats, played unnamed instruments, and headlined sideshows.

One-man bands had to hold the audience's attention for as long as was needed. This one-man is a type of person who can't sit still, one who has to keep busy.

Robert "One-Man" Johnson has basically changed the one-man band image.

Robert Johnson is from Chippewa Falls, Wisconsin, unknown to most, but probably one of the best things that could have happened to him. He graduated from the Uni-

versity of Wisconsin-Eau Claire in 1967 with a degree in art and went on to teach.

But he believes that his real art was using his many talents onstage, and developing the use of many instruments which include the kazoo, harmonica, six or twelve string guitar, pedal bass and voice. He has included over 500 songs in his repertoire to make him a one-man band.

Johnson does not think of himself as a side-show candidate. He takes his music too seriously. He has entertained many for years, even in high schools.

Johnson doesn't have the backing of big record companies. "Being in a band is hard to

rehearse, get organized, and there are too many obligations." He feels his life is busy enough being a soloist.

Coming through Kansas City, Robert Johnson will bring his "one-man band" here January 31, in Marian Centre Lounge at 8 p.m. Refreshments will be served. This event is sponsored by SUB and free to everyone.

Music Assoc. repeats service; "Valengrams" say LOVE

By Mona Price

Due to the overwhelming success of last year's "Valengrams," the Music Association is proud to announce that the Association has once again formed a temporary singing telegram service which will deliver in costume on Valentine's Day.

Members of the Avila community who wish to send a memorable Valentine will want to send a "Valengram." The

sender will have a variety of tunes and messages from which to choose and may wish to send the message anonymously.

In person, delivery is restricted to the campus, preferably the Snack Bar or Cafeteria, but exceptions will be made when the location of the recipient can be pinpointed. "Valengrams" can also be telephone.

"Valengrams" may be pur-

chased in advance, during meals, Thursday, February 7, in Upper Marian Centre; Friday, February 8, in the Snack Bar Foyer; or by contacting a member of the Association through the Office of Student Life. The fee is 75¢ per "Valengram."

Proceeds from this event will be used to defray student costs of off-campus Fine Arts programs which the Association attends.

Reception, "soc-hop" officially opens fieldhouse

Join us!

Much time, planning, work and fundraising has gone into Avila's new structure, the **Mabee Fieldhouse**. In honor of this addition, Avila's Office of Student Life including a variety of campus departments and organizations (Cheerleaders, Housing, Ambassadors, Student Affairs staff) cordially invite the students, faculty, staff and community to a **Fieldhouse Celebration** held Saturday, February 23, 8 p.m.- 11 p.m.

The **Celebration** is a combined reception and "soc-hop." **Live music** is provided by the band **Starfire** which plays a variety of music.

The band will be placed in the middle of the gym and dancing is in "stocking feet

The fieldhouse nears completion. In honor of this event, students, faculty, staff, and community are cordially invited to celebrate at a "soc hop" and reception.

only." During breaks in the music, **special entertainment** is provided by Avila students.

Continuous tours of the fieldhouse is a part of the reception. The tours inform guests of what the fieldhouse has and what it will have. Also, small folders providing information on the fieldhouse is given to guests.

Refreshments for this special **Celebration** are hors

d'oeuvres, hot-spiced cider, and a cold drink.

As if this isn't enough, **door prizes**, which are boxes of steaks, are given away to guests.

This **Celebration** is the final fundraiser for the fieldhouse. Tickets are available to the community, faculty and staff for \$5.00. Student tickets are \$2.50.

Tickets are sold at the door;

however, it is encouraged to buy tickets in advance at the Marian Centre Country Store.

In addition to this, Avila is sponsoring its fourth annual steer dinner which is also February 23 at 6:30 p.m. in Marian Centre. The \$50-a-plate dinner is available to various business people in the Kansas City area.

The beef for the evening's festivities is from a reserve champion steer from the Amer-

ican Royale donated to Avila by Henry Block (H&R Block), Bob Boyle (Boyle's Meats), John Latchaw, George Powell, Sr. and Gordon Wells.

For the price of the ticket, a guest is available to dancing, live music, refreshments and a chance for a steak.

The guest also has a chance to learn about this special, long-awaited-for addition to the campus of Avila College.

Year-end review requires student, faculty, staff input

A number of people like to remember their good times with pictures, and Avila students are no exceptions.

Avila College in past years through the efforts of the **EXAMINER** staff have remembered good times in a year-end picture review entitled **AVILA REVIEW**.

The **REVIEW** has been funded by the Student Activity Fee and free to the students, faculty and staff of Avila.

This year, a number of faculty, staff and students have expressed a desire to have an **AVILA REVIEW** for the academic year of 1979-80.

The **EXAMINER** staff would like to see Avila have a **REVIEW** for this year. So far, it has been a year to remember and pictures are timeless memories.

However, what the staff wants and what we are capable of doing are two different matters.

The **AVILA REVIEW** is about Avila College, and Avila is **YOU**... the students, faculty and staff. Since this **REVIEW**

is about **YOU**, the **EXAMINER** staff is asking for your contributions.

Your ideas, **ORIGINAL** artwork, pictures and poems would be appreciated. Also, your time and energy is needed in planning and laying out this special **REVIEW**.

Anyone who helps to plan and layout the **AVILA REVIEW** will be invited to the **EXAMINER'S** annual campus press appreciation banquet held in April and awarded for their efforts.

If any student, faculty and staff are interested in contributing something to the **AVILA REVIEW**, please fill out the

coupon below and return it to Deb Volkmer, Program Coordinator. The number of responses that the **EXAMINER** receives will determine whether or not Avila will have a **REVIEW** this year.

As long as **YOU** are a part of Avila College (student, faculty and staff), **YOU** have something to contribute to the **REVIEW**.

Your contributions will make the **AVILA REVIEW** something everybody at Avila will enjoy having.

Grant provides funds to develop program for inactive R.N.s

HAVE YOU HEARD...

Avila College has been funded through the Jacob L. and Ella C. Loose Foundation for development of a program designed to attract inactive registered nurses back into active nursing. The grant was written by Mary Lou Smith, Assistant Administrator, North Kansas City Hospital and Norma L. Lewis, Chairman, Department of Nursing, Avila College.

The purpose of the re-entry to nursing program is to provide the opportunity for and assist the inactive nurse to become actively employed. The objectives are as follows:

I. Develop a mode of re-entry for the inactive nurse into nursing.

A. Identify and develop a curriculum and clinical practice model for the three levels of re-entry into nursing.

Level 1—For those nurses who have been away from nursing for nine years or less (acute care; critical care).

Level 2—For those nurses seeking a second professional interest; inactive ten years or more (long-term care).

Level 3—Nurses active in nursing but wishing to change from one nursing specialty to another, i.e., maternity nursing to cardiac critical care nursing.

B. Implement a curriculum model which permits re-entry into the specific area of interest

identified by each nurse.

II. Develop a mode of re-entry specifically for the active non-practicing nurse—the nurse who is not working but wishes to keep current in knowledge of health trends.

A. Identify and develop a curriculum to minimize the knowledge gap for the non-practicing nurse temporarily out of the mainstream of active nursing.

B. Prepare the non-practicing nurse for re-entry to active nursing with maximum knowledge and skills.

III. Develop the second phase of the re-entry program of the reactivated nurse for leadership/administrative positions.

A. Identify and develop a curriculum and clinical practice model of advanced knowledge and skills in nursing.

B. Prepare the reactivated nurse for leadership positions.

The program is designed with six hours of theory being conducted at the school and 16 hours of clinical practice at the potential employing agency.

Thus, the total weekly time commitment is 22 hours. The portion of the program for clinical experience will be done cooperatively with a staff nurse.

At the completion of the program, the re-entry nurse will be willing to work one eight-hour shift per week at the

agency where she has obtained the clinical experience.

Criteria for admission to the program:

1. Currently licensed as a registered professional nurse in the state of Missouri.

2. Willing to work one shift per week upon completion of the program.

3. Willing to continue updating her/his nursing practice on a monthly basis by participating in a continuing education or hospital-inservice program.

The program will meet the following recommendations made by the Missouri Nurses' Survey:

1. Attempts should be made to retain a relationship with RNs who leave nursing but remain in the same community. This would include providing opportunities to stay abreast of current developments in nursing.

2. Continuing education offerings should also include refresher courses for those considering returning to the field of nursing.

In the Greater Kansas City area, there are some 350 positions available for registered nurses to be employed even after new graduates have been hired. These positions only reflect the numbers needed for care of patients in hospitals, it does not reflect the numbers needed for nursing homes, extended care facilities, public health agencies, Visiting Nurses Association, etc.

This information is the rationale for development of the re-entry program for nursing at Avila College. For further information call Nancy Barr, Project Director, Re-Entry Program for Nursing, Avila College.

INTRODUCTION TO SERIES

ALCOHOL and YOU

This is the first of a series of articles dealing with the use and abuse of alcohol. The need for alcohol education and accompanying responsible drinking is obvious in our society.

The most conservative estimates place the number of problem drinkers or alcoholics in America at 10 million. Also alarming are the National Safety Council statistics which state that more than half of the 60,000 plus Americans who now meet death on America's highways each year are victims of alcohol-related accidents.

In addition, one must also consider the crime and family problems caused by irresponsible use of alcohol. One estimate claims that 400,000 Americans die each year from alcoholism and other alcohol-related ailments.

Clearly, alcohol is America's number one drug problem and one of its greatest social problems.

It is also well-known that alcohol abuse is the number-one problem in America's colleges and universities. For that reason, something constructive needs to be said here at Avila on the subject.

This series will be an attempt to do so. In coming editions the following issues will be addressed: "How to Be a Good Host or Hostess", "What You Can Do To Help a Person With a Drinking Problem", "Is Abstinence a Socially Acceptable Alternative?", "Characteristics of Families in Which Problem Drinking is Rare", and "What is Your Alcohol Quotient?"

Your comments and suggestions are appreciated (send them to Dave McKellips, Carondelet Hall, Room 121 or to Judy Gemeinhardt, Director of the Health Service).

The S.A.M. schedules workshop for February 7

By Jody Burke

The Society for Advancement of Management, S.A.M., in keeping with its efforts to provide students with insights and contacts regarding professional careers, is sponsoring another management workshop on February 7th.

The workshop is featuring two guest speakers and deals with the topic of resume writing and interviewing.

The program is scheduled for 7:30 p.m., in the Marian Centre Lounge, Thursday, February 7th.

The topic of resume writing is considered first, followed by a discussion of interviewing and career choice and development.

Guests are Ann McCabe, Public Relations Representative from Burns and McDonnell Engineering, to deal with resumes, and Tom Ming, Regional Manager with Southwestern Life Insurance Co., to discuss interviewing.

Those students having class

until 8 p.m. are encouraged to come after class. All students, faculty and staff are invited to the program and are encouraged to take advantage of the opportunity to meet professionals from our community.

This program is one of many that S.A.M. has planned this school year. The workshop format is retained after favorable response to last fall's workshop on "Women in Management."

As with all S.A.M. functions, the program is designed to promote student contact with management professionals and members of business and government in our community so as to aid students in learning about various fields and ways to succeed in them.

For more information about the program or about the Society for Advancement of Management, contact Larry Lewis in the Business Department or leave your name and phone number in the S.A.M. mailbox in the Business Departmental Faculty Offices.

The Staff

The *Avila Examiner* is published bi-weekly during the regular college year with the exception of college vacation periods by Avila College for the general student body, faculty, administration and staff.

Editorial Board... Mary Clark, Pat Whalen, Connie Johnston
Staff... Susan Tobaben, Johnetta White, Lafonda Watson, Marcie Meyer.

Staff Photographer... Richard Elliot

Contributors... Mike Bracken, Eric Entzeroth, Linda Coleman, Jody Burke, Mona Price, Sally Ramseyer, Dave McKellips, Maureen Hencmann.

Letters to the Editors are welcomed and encouraged.

Alberg chairs student government meetings; explores solutions to problems, complaints

By Linda Coleman

Leaders evolve out of every group, political or other, and Avila College is no exception.

Reed Alberg is a leader. He very quietly roams the campus of Avila and observes. He picks up on problems and complaints and tries to help find solutions and remedies.

As chairperson of the Student Government Association, Reed finds much of his time is spent in this activity. About 10 hours a week is utilized to lead the student government meetings, which are held twice a month. In addition, executive board meetings are held twice a month.

SGA is an advising body

Besides the meetings of the SGA, much time is spent meeting with members of the faculty and administration. This is a primary function of this organization. It is an advisory body to administration and the faculty regarding school activities, curriculum, and much more. SGA is representative of the entire student body, and it is through these channels that students can be heard.

Reed has been involved in a leadership capacity at Avila for only a year. He became active

when asked by friends.

Prior leadership experience came about by being the vice president of the student body and also secretary of the student body at St. Mary's High School in Independence. This helped to prepare him for his present responsibilities.

All students belong

Everyone enrolled in at least one credit hour is a member of the Student Government Association. Many people are not involved, primarily because they do not know about the association, aren't interested, or do not have the time to get involved.

A large number of Avila students are full-time students with full-time or part-time jobs. The other segment of enrollment is full-time workers who are attending Avila part-time. In addition, many have family responsibilities, and indeed, there isn't enough time to get actively involved in school government.

Reed is a senior at Avila and is majoring in theater. Besides being a full-time student, he works approximately 80 hours a month in the theater department. His main interest in theater is scenic and lighting de-

sign.

Reed takes the responsibility of chairperson very seriously and admits to there not being enough time. His school work suffers a little but mostly what is sacrificed is sleep.

Students need to get involved

"Because every student is a member of the Student Government Association, they have the responsibility to know what is going on," Reed says. "This association is to their advantage, and they need to get involved. The SGA is a representative of the student body, they speak for the student body. It is important for the students to understand this."

Presently, Reed has little time for other activities. He feels he has learned to make the best of his time and to arrange his life accordingly.

After graduation in May, Reed hopes to go on to a graduate program in theater. A possibility at this time is the University of Minnesota.

Wherever Reed goes and whatever he does, he feels the experiences and friendships found at Avila should help establish solid ground elsewhere.

Reed Alberg, chairperson of S.G.A. for 79-80 academic school year, wishes to continue his education in Theatre at the University of Minnesota.

5 Seniors receive honor based on many merits

Five seniors have been selected to receive the honor Who's Who Among Students in American Colleges and Universities.

The five were chosen by a panel of Avila faculty, students and staff on the basis of scholarship, participation and leadership in academic and co-curricular activities, citizenship and service to the school and community and potential for future achievement.

Rita DeLisle, nursing major, is active in the Avila and National Student Nursing Associations. She participates in 4-H activities and her hometown church choir.

Christopher Glaze, theatre major, is president of Drama Club. He has worked in the theatre productions and on the sets since his freshman year.

Mona Price, music major, is president of the Avila Music Association and SUB Fine Arts Committee Chairperson. Mona was in the musicals "Oklahoma" and "Brigadoon" and was house manager for "Paint Your Wagon." She was a vocal soloist in Avila's Student Honor Recitals and Christmas Eve Masses.

Catherine Schmidt, international management major, is a member of the Intramural Advisory Council and participated in intramural volleyball. Cathy is a work-study student in the Admissions Office. She is active in Residence Hall ac-

tivities and has voluntarily tutored students.

Shirley Sowers, pre-med/biology major, organized the Med-Cats organization. She held review classes for students in human physiology and recently finished illustrating a book on microbiology.

The selection process began in October, 1979, when seniors, faculty, and staff nominated seniors for the award. From these nominations, the selection committee identified those nominees who will continue in the process.

Those nominated were requested to complete a personal questionnaire about themselves, their contributions, and their goals.

After considering these essays, the committee selected those nominees who had a personal interview with the full committee. At the completion of these interviews, the committee notified the national Who's Who office of students from Avila deserving the award.

Upon approval by the national committee of Who's Who, a certificate will be presented to the appointees during the Honors Convocation held during commencement week.

Note

A NOTICE TO ANYONE WHO CAN READ!!!

The Gredunza is a weekly publication put out by your Student Government Association. Its purpose is to inform students about events for the week.

All organizations on campus are invited to submit items regarding meetings, activities and other important information of general student interest.

To submit items: Pick up a drop form, available at the "drop box". Fill it out (or a piece of paper with all the necessary info) and leave it in the Drop Box in Upper Marian Centre.

Items must be submitted by 5 p.m. on Thursday evening to be in the following week's issue.

Please include a name and phone number in case there are any questions regarding your item.

THANKS TO ALL WHO MAKE THE GREDUNZA WORK. (That means "thanks" to Diane Banks and Jennifer McKenna).

Jody Burke
Chairperson,
SGA Campus News Committee

Financial Aid applications are available in F.A. office

Financial aid applications for the 1980 summer term and 1980-81 academic school year are now available in the Student Financial Aid Office in lower Blasco Hall. Although there is no specific deadline for most types of aid, students should apply as soon as possible.

Applications which are submitted by March 31, 1980 will receive priority in awarding for summer and next year. Applicants who are Missouri residents must apply by April 30, 1980 in order to be considered for the Missouri Student Grant.

During the 1979-80 academic year, 60 percent of the students enrolled full-time at Avila received some type of financial aid. Due to changes in the cal-

culatation of financial need, it is anticipated that this percentage will increase to 70 percent for the 1980-81 academic year.

The Avila College Student Financial Aid Office administers a variety of aid programs to assist students in meeting their college expenses. Avila participates in all federal financial aid programs, as well as the Missouri Student Grant Program.

Avila also provides institutional scholarships and grants to students who demonstrate superior academic achievement, theatrical talent, or outstanding athletic ability.

The Student Financial Aid Office is holding several open houses to give students the opportunity to chat with the Avila Financial Aid administrators

on an informal basis.

Students are encouraged to drop by the Barefoot Room in Marian Centre at one of the times listed below to pick up financial aid applications, receive assistance in filling out forms, and find out more information on Financial Aid.

The financial aid staff will be available to answer any questions regarding financial aid and the application process for the 1980-81 school year.

Students are encouraged to attend one of the following:

Monday, February 4—12:00 - 1:00 p.m.

Tuesday, February 5—12:00 - 2:00 p.m.

Wednesday, February 6—5:00 - 6:00 p.m.

SGA secretary discusses position, organization

By Mary Clark

A Student Activity Fee Board report was presented to SGA. The members discussed the action of supplementing this year's fee income with surplus from last year's budget.

The All-Campus Academic Affairs Committee reported that it was in the process of approving an integrated radiology-technology program. This committee was also reviewing the learning skills program and was concerned about getting foreign students involved in campus activities.

The Who's Who Committee reported that the process of selection was progressing as scheduled.

What makes SGA different from other organizations here

at Avila?

"We try to do things that benefit the whole student body," says Janet Freeman, secretary of SGA. A big accomplishment of SGA this year is the "improvement of our credibility and visibility," states Janet. "We haven't done that much to which the student body can see, but we are being heard and seen more than last year."

SGA is there to help the students. They have been helping you more than you think. Your ideas and grievances would like to be heard by SGA.

As secretary, Janet holds a position of importance in SGA. Besides recording the minutes of the meetings, she also chairs the meetings if the chairperson and treasurer are not there.

Intramural council sponsors games, swim, basketball

By Maureen Hencmann

An indoor games festival, open swim, and a basketball tournament are three events being presented this semester by the Intramural Council.

Card games, Monopoly, Risk and Twister, in addition to ping pong and billiards will be some of the activities offered for participants of the festival on February 6. The amusement will begin at 7 p.m. in the Snack Bar, and will continue until 11 p.m. Anyone is welcome to drop by.

Another diversion is offered every Friday night until March twenty-eighth (excluding break periods) at the Red Bridge YMCA. From 6:30 to 10:00 p.m. the pool is open to students, faculty, and staff as well as their families. The Red Bridge Y is located just south of the Pizza Hut on Holmes. Bring your I.D. and sign in at the front

door.

In addition to the above, members of the Avila community will be participating in a unique basketball tournament. The idea behind 3-person basketball is to have fun participating in a sport which normally is played in a highly competitive setting.

To deemphasize the competitiveness, a number of rules have been modified. Anyone not participating in varsity basketball can play.

To lessen the strain on bodies not used to the rigors of the game, only twenty minute halves will be played, and only half the court will be used.

Teams keep their own scores and referee their own games. Technicalities like the three-second key rule will not be enforced. Otherwise, the games will be played like any basketball you're familiar with.

The campus chapter of the American Marketing Association will hold an organizational meeting Sunday, February 3, at 3:00 p.m. in the Barefoot Room. This is your chance to participate in an active campus group, so please plan to attend.

Photo cards—instance while you wait, open 7 days.

Youth and Experience

Youth and experience, blended correctly, can produce winning basketball teams. Bernard Williams, head coach of Avila's women's basketball team believes he has the right combination. "We've been digging," he comments. "I think we'll be good."

Six players return from last year's squad and four recruits round out this year's team. The new players, all freshmen, are the youth of the club, while two juniors and four sophomores provide the experience. Here is a look at who will fill the positions on the 1979 Avila Women's Basketball team.

GUARDS: 5'4" Rene Saunders returns for her sophomore season at the guard slot. Her partners in the backcourt are Kelly McQuillan, who at 5'9" spent much of her 78-79 freshman year in the front court, and Darby Chambers. Darby, 5'5", is in her first season for Avila and will probably see a lot of playing time before season's end.

CENTER: Cindy Northcraft, 6'0" junior, is the holdover from last year's squad. A fine player last year, she will be an asset to this season's team.

Her help will be a pair of center forwards, Seletia Mitchell and Carla Bryant. Seletia, also 6'0", was Avila's leading rebounder as a freshman last year. Carla is a 5'11" freshman who could see plenty of action in the front court.

FORWARDS: Sherri Waterman begins her sophomore season after a fine freshman year in '78-'79. The "old hand" at the position will be junior Belinda Strope. Two freshmen, Harla Dyer and Schalisa Dowthard, provide depth up front. An interesting note about the forwards is that all four are 5'10".

Coach Williams, in his second year, says his biggest concern is keeping everybody fit to play. "If we can keep everybody healthy, we'll have two more players eligible for the second semester." He adds, "If we make it that far, we'll be all right."

Women's team Defeats JCCC

The team defeated Johnson County Community College with a score of 54-39. Added to this, was their victory over Park College 86-23. However, they dropped their season opener to Lincoln University 65-52.

The Avila scoring attack has been very well balanced thus far. Rene Saunders, Marla Dyer and Kelly McQuillan are all averaging 10 points per game. Darby Chambers and Seletia Mitchell are each averaging 9 points per match.

Mitchell has also been active in the rebounding category. Thus far she has pulled down 57 rebounds, or 19 per game. "She has been outstanding on the boards," commented Coach Williams. "She is definitely in line for some recognition," he added.

Williams' squad lost to Evangel College November 30, 70-60. The game on December 1 with Rockhurst was cancelled when the Hawks failed to show up.

According to Avila Women's Coordinator of Athletics, Pam Sloan, Rockhurst will have to forfeit the game to Avila. The match against St. Louis University was also cancelled, but there was no forfeit involved.

On December 4, the Avila team lost a 68-64 heartbreaker to William Jewell. After trailing 39-24 at the half, Avila led by Rene Saunders' 18 points in the second half, rallied back to within 2 points with 1:25 remaining. But the Cardinals held on leaving Avila's record at 2-3.
